\*A *Fleet Financials* survey shows that, on average, fleets that use a managed fuel program realize savings of up to 15% on their over fuel management costs compared to fleets that do not.

<sup>1</sup>Businesses lose an estimated 6% of annual revenues to occupational fraud, according to research conducted by the Association of Certified Fraud Examiners.

# Managing your account is always right at your fingertips

- Real-time account tracking allows you to keep an eye on spending of every driver in your fleet
- Complete control of each individual card, including the ability to deactivate cards, request new ones, or change spending limits by card
- Change purchasing limits and DINs for each card
