

Announcement! Barrie Construction Association and Compliance Sync have joined forces!

As the voice of ICI Construction in the Simcoe County region we are committed to **Constructing Relationships, Constructing Solutions and keeping our members connected!** It gives us great pleasure to announce that we are partnering with Compliance Sync to help our members stay connected with their customers, stay on top of compliance, promote their qualifications to the marketplace and simply make it easier to do business.

Barrie Construction Association is committed to delivering value to our members by providing world class, innovative solutions. Many contractors are faced with challenges when it comes to staying on top of compliance administration - insurance, WSIB, licenses, registrations, health and safety regulations, client documentation, worker qualifications and healthy and safety training records. The Compliance Sync community has proven itself to be a valuable resource for hiring clients and contractors in the Simcoe County region by making it easier to do business and stay on top of compliance. BCA and ComplianceSync share many members in common who can experience the benefits of automated support with compliance requirements for a growing list of clients. Together we look forward to helping our members protect their workers, grow their business and promote their qualifications.

This exclusive partnership takes our commitment to BCA member's to a new level:

1. FREE supported tracking and verification for worker health and safety training;
2. FREE basic membership with Compliance Sync to manage your worker credentials;
3. Affordable and managed access to ongoing training needs through the BCA.

Barrie Construction Association Supported Health & Safety Training Programs:

Confined Space Awareness	Lock Out / Tag Out
Elevating Work Platforms	Counterbalance Fork Lift
Standard First Aid & CPR Level C	Emergency First Aid & CPR Level A
Working at Heights (<i>Ministry Approved</i>)	WHMIS 2015 / GHS / Hazard Recognition
