

HEAT STRESS PREVENTION

The environmental conditions that a worker experiences while carrying out their duties can have a significant impact on their health - and temperature can play a major factor. Heat stress and heat-related illnesses can cause weakness, illness and even death if not carefully monitored.

Training Solution – Online *Heat Stress Prevention* Course

This course is designed for custodial staff whose tasks require them to function outside during hot summer weather or in extremely hot workplaces.

Course Overview

Upon completion of this course participants will have an understanding of:

- Factors influencing the degree of heat stress experienced
- Various types of heat stress
- Symptoms of heat stress
- Effective work procedures to prevent heat stress.

Online Course Offers Convenience and Efficiency

These courses are powered by the **Link2eLearning** LMS (Learning Management System), so you can track course progress and completion. Each training solution provides quizzes, a final exam and a course completion certificate.

BENEFITS OF LINK2ELEARNING

All of Link2eLearning's online courses are offered through our learning management system (LMS).

Link2eLearning online learning is:

- ✓ **Easy to use** – for delivering and tracking employee training across the organization – *providing instant, accurate reporting for workplace audit*
- ✓ **Globally accessible** – available anytime, anywhere there is Internet access
- ✓ **Cost-effective** – eliminating the cost of facility rental, travel cost and lost time required for instructor-led training
- ✓ **Flexible** – courses and administrative functions can be scheduled to suit individual needs
- ✓ **Consistent** – enabling you to provide standard training material to all employees across the organization

LMS FEATURES

Employees can:

- Self-register on a secure site
- View and complete the course at their convenience
