

PREVALENT MEDICAL CONDITIONS – MODULE 2

School boards are expected to promote the development and safety of all students, including those with prevalent medical conditions. These conditions can result in medical incidents or life-threatening emergency situations.

In addition to Sabrina's Law and Ryan's Law, Ontario PPM 161 provides school boards with directions about components to help support students with prevalent medical conditions.

Training Solution – Online *Prevalent Medical Conditions* Course

This course is designed for all staff working within Ontario School Boards.

Course Overview

This course is the first of two modules on prevalent medical conditions. In this module the focus will be on:

- Learning about allergies, asthma, anaphylaxis, diabetes and epilepsy including risk prevention, the identification of symptoms and appropriate responses to each
- Understanding the importance of, and how to implement, an emergency treatment plan
- Becoming aware of some key management strategies.

Online Course Offers Convenience and Efficiency

These courses are powered by the **Link2eLearning** LMS (Learning Management System), so you can track course progress and completion. Each training solution provides quizzes, a final exam and a course completion certificate.
