

**Monthly Bookkeeping  
From Only \$99**

The Ledgers concept is simple: To provide the best available Corporate Tax and Financial Statement Preparation Services and expertise to small business owners at a fair price and in a timely manner.

The current services available are generally from the large 'Firms' that definitely have the expertise, but charge sometimes exorbitant fees that small business owners just cannot afford!

We understand the needs of your Business, we are small business owners too!

The wait is over, Affordable Accounting Services have arrived!
